

International Conference in Innovation

on Statistic Models Applied On Management, Humanity and Social Sciences

Research team in "Approximation Problem Modeling & Data Science"

Important dates

March 10 - 12, 2023

Submission

Fill in this form :

t.ly/k-eY

Submission deadline : February 15, 2023
 Notification : February 25, 2023
 Validation : February 28, 2023

Participation

Face-to-face - Virtual

Field of study :

- Innovation of statistical models
- Innovation of probabilistic models
- Innovation in data analysis
- Innovation from statistical models to economics
- Innovation from statistical models to management
- Innovation from statistical models to quality control
- Innovation in subject didactics and Education
- Innovation in didactics of nursing sciences and health techniques
- Humanities and Social science innovation
- Innovation in E-learning – Smart learning
- Innovation in modeling concrete situations
- Innovation in modeling and optimization of operating
- Innovation in Decision Sciences
- ...

The list of thematic axes is not exhaustive

Conferences Presidents

Hamid EL AMRANI , Salmame BOUREKKADI , Najat RAFALIA
